# Nevada City Nugget

COVERS RICHEST GOLD AREA IN CALIFORNIA

This paper gives you complete coverage of all local happenings. If you want to read about your friends, your neighbors, read The Nugget.

Vol. 16, No. 14. The County Seat Paper NEVADA CITY, CALIFORNIA The Gold Center MONDAY, FEBRUARY 16, 1942.

## *Thinking Out Loud*

By H. M. L.

Now that we know "for sure" that the cantonment at the southwestern border of the county is to be constructed, we would like to suggest that we should be employed in getting as much benefit from it as posssible. We might go further and suggest to the supervisors who resoluted against it a few months ago, before the Jap-Hun-Dago war started, that they too should get busy and promote the prosperity of the county by improving the roads, in so far as they are able, outside the cantonment area itself. The fact that Nevada County stands to lose taxes on some 20,000 or 25,000 acres, should make them all the more willing to recoup these losses by promoting the prosperity that can flow from this influx of a population one and a half times greater than that of Nevada County as it is today.

We believe that every workman, and after the workmen, every soldier, flyer, artilleryman, tank driver, and officer should have placed in their hands on arrival at the cantonment, a pamphlet setting forth the advantages Nevada County communities offer to those who here make their homes, temporary or permanent. In this respect, Yuba County and Marysville particularly are several advertising jumps ahead of us right now. The cantonment building center, is only half as far from Marysville as it is from Grass Valley and Nevada City, but there will be plenty of people, construction and civilian workers, and the families of officers who will prefer to live in Nevada Couny. The higher, cooler altitude, the recreation facilities, and the scenic and historic attractions of Nevada County can offset the factor of distance, to a large extent, if the board of supervisors and the chambers of commerce, rise to the opportunity now open.

We have no doubt whatever that the matter of transportation will be cared for by bus companies already organized and operating. But the chambers of commerce must prepare immediately for a campaign of education among the people who will presently populate a military encampment, the buildings of which will be scattered over an area six miles long by three miles wide, centering around the cross roads at Erle. It is too bad that there is not today a pamphlet, describing the attractions of Nevada County as a place of residence, at least in sufficient quantities, to give out to all those who will be seeking homes in the vicinity of the cantonment. It would seem to any thoughtful, disinterested person immediate preparation and printing of a suitable brochure on Nevada County communities is something that should be done.

It may not have occurred to many residents of Nevada County that highway No. 20 is going to be a very busy thoroughfare the moment work on the cantonment gets under way. It offers a through route from Reno and all points east direct to the gates of the cantonment below Smartville. There are three bottlenecks in this route. One on the west bank of Bear Valley, which the state highway commission has appropriated the money to correct, and which will probably be completed early this spring. The second bottleneck is through Nevada City itself. Here fast moving traffic would be slowed up through a maze of narrow streets and sharp turns. The city council in conjunction with the state highway commission can clear up this bottleneck if they go about it. Time presses. The third bottleneck is this side of Rough and Ready, where a winding narrow road perhaps a quarter of a mile in length needs straightening and widening. This is another bit of work which no doubt the military authorities will ask the state highway commission to do before the through east-west route to the cantonment can be utilized speedily and safely.

It should be remarked in this connection that some of the army's largest storage dumps are in Nevada state. Army trucks already use Highway No. 40 to a great extent in bringing stores to the coast. When the cantonment is built, the removal of bottlenecks on Highway No. 20 will make this the fastest most direct route for military uses in the entire northern part of California. We are convinced that Nevada City and Grass Valley are in line for a considerable growth in population in a short time. Prosperity, indeed, may be just around the corner. Perhaps it is right on top of us. It is a new experience for Nevada County. No one is wise enough to forecast the effect of the cantonment and all its varied activities upon the country roundabout and the inhabitants thereof. But we do believe that in a material sense, it will mean a big lift.

# War Relief Quota Here Now $2600

The Nevada City Chapter of the American Red Cross has received notice that its quota of $2,000 for the "War Fund" and which was raised in good season has been increased by 30 per cent to the amount of $2,600, because the needs which must be met have become more specific.

"Our fighting forces being sent to an increasing number of fronts throughout the world require the services of the Red Cross which will go forward with them," War Relief Drive Chairman R. J. Bennetts reported.

The Nevada City District has been cancassed quite thoroughly yet some were missed while others were unable to contribute at the time they were solicited. It is the fervent hope that all who have not made their donatoin to the war fund will do so now either to the captain in their vicinity or to the Morning Union, The Nugget or to one of the officials at the city hall or if it be more convenient Telephone 20 and a messenger will call for the offering.

If you have already given and can spare an additional sum it will be gratefully acknowledged.

Following are the captains and the districts they have served so faithfully and will be glad to receive further contributions.

Nevada Street, Mrs. Paul Kemper.
Main Street, Mrs. Ed Berger.
Pine Street, Mrs. Louise Polglase.
East Broad, Mrs. Ed Uren.
Sacramento, Mrs. E. Tucker.
Lost Hill, Mrs. Russell Wilson.
Park Avenue, Mrs. Minnie Young.
Glenbrook, Mrs. Wm. A. Simkins, Mrs. Elliott.
Zion and Cross, Mrs. E. Baxter.
Blue Tent and Selby Flat, Mrs. Champie.
Prospect, Mrs. Don Steger.
North Bloomfield, Mrs. Chas. C. Gaus.
Washington, Mrs. John Crowley.
Shady Creek, Sweetland, Mrs. Frank Reader.
Birchville, French Corral, Arthur T. O'Connor.
North San Juan, Kern Fogarty.
Zeibrght, Ed Bonner.
North Columbia, Miss Bridget Mahoney.

# 20-30 CLUB TO HOLD MEETING

The recently organized 20-30 Club for Nevada City and Grass Valley, will meet in the Shamrock Cafe here tomorrow night.

Men between 20 and 30 years of age who desire to become a member of the club or are interested in the organization are welcome to attend the dinner and the meeting which will follow.

### Oldest Resident At Nevada County Hospital Succumbs

Funeral services were conducted at the Holmes Funeral Home here for Mrs. Elizabeth Johnson, 95, oldest inmate at the Nevada County Hospital here who died Thursday afternoon.

Up until a week before her death, Mrs. Johnson had enjoyed reasonably good health and each day was able to eat with the other hospital inmates despite her extreme age.

Mrs. Johson had been in the county hospital for the past 12 years. She was the widow of the late Hook Johnson, a former well known bootblack of this city.

**Weekend Visitor Here—**

Bob Michell, student at Sacramento Junior College, spent the weekend with his father, Lee Michell.

# Orders To Vacate Area For Cantonment Are Expected To Be Given

**GOVERNMENT IS BELIEVED TO HAVE DROPPED PROPOSAL TO LEASE LAND IN FAVOR OF OUTRIGHT PURCHASE**

The heartbreaking task of informing ranchers and residents within the boundaries of the Nevada-Yuba army cantonment area that they must vacate their homes as soon as possible was supposed to have gotten under way today.

The proposal to lease the land from the owners and re turn it to them after the war is over is believed to have been abandoned in favor of outright purchase at a reasonable price. Each piece of property was appraised separately and no doubt the ranchers will not object to the sum they will receive for the land.

However, many will be forced to leave ranch homes established by their grandfathers and the thought of leaving life long homes will be heartbreaking.

The exact boundary of the cantonment is still not known here. One report indicated the famous Barnegat Ranch would be within the camp area but last week in Grass Valley it was reported the cantonment would not take in Harry Cox's Guernsey farm. It was learned, however, that Cox had been preparing to evacuate. He purchased 150 acres on the north side of the Tahoe Ukiah Highway, which will not be within the camp, and was planning to establish his dairy there.

Bids for the construction of 1200 buildings for the cantonment will be opened March 4th. However, it is understood no time will be wasted from now until actual construction gets underway. Preliminary work will be pushd and contracts are now being let for incidental jobs. The Hills Flat Lumber Company has been given a subcontract for lumber.

# NURSE HELD HERE FOR NARCOTICS AUTHORITIES

Sheriff Carl J. Thoiassen said today federal narcotic authorities from Sacramento will be here later in the day for Mrs. Esther Kelly, 37, who is held in the county jail for stealing 3500 capsules of morphine and codine from the Miners Hospital.

Mrs. Kelly, a nurse at the hospital, has confessed stealing the narcotics for her own use, the sheriff said. The crime was in violation of federal statutes and Sheriff Tobiassen has notified federal narcotic agents in Sacramento.

The nurse told the sheriff she once had been confined in an eastern prison for forging a prescription for narcotics.

**Here Several Days—**

Mrs. Richard Phelan, who has property interests in Nevada and Sierra Counties, was a visitor in Nevada City for several days.

*"Penny Sense—Good Defense"*

STOCKINGS and socks pulled on and off by the toes wear longer than when tugged by their tops. Teach the "littlest one" to treat socks gently—

Careful handling of stockings will ease the strain on silk supplies and save you money to invest in DEFENSE SAVINGS STAMPS! War Needs Money!

# LIGHTS OUT WHEN AWAY FROM HOME

The Nevada City Defense Council desires every resident of the city to know that it is a violation of the city blackout ordinance to leave home at night with the light burning.

The ordinance provides a penalty if lights are not extinguished one minute after the blackout signal is sounded.

The defense council, at its meeting here Thursday night, was told many residents and many businessmen are in the habit of leaving lights burn at night. Chief of Police Max Solaro was instructed to see that the blackout ordinance provisions are enforced. Solaro during the past several days has been advising local businessmen to extinguish all lights when they leave their stores at the close of the day.

### High School Ski Championships Feb. 23

The Placer Union High School will be host to the Northern Section California Interscholastic Federation Ski Championships at the Auburn Ski Club grounds at Cisco on February 28. Richard L. Nelson, Placer ski coach, has been appointed tournament director.

Entry blanks have been sent to all 80 members of the Federation in the south to Yreka in the north. These blanks are due at the Placer High School on February 23.

The cross country race will commence at 10:30 a. m.; the downhill at 1:15 p. m. and the slalom at 2:30. Each team for each event will consist of five contestants, the four best times being counted. This is the F. I.'s system of scoring.

### Word Received Here From John Ghidotti

Relatives and friends here of John Ghidotti were happy to learn he is safe and was able to escape the clutches of the Japanese, who took over the Island in the Philippine group on which Ghidotti was stationed as a mining superintendent.

Frank Ghidotti, brother of John, received a cablegram from the mining superintendent last week.

John was born and educated in Nevada City. He has been located in the Philippine Islands as a mine executive for many years. About a year ago he spent several months in Nevada City but returned to manage a mine on Mosbate Island.

### THELMA BUTZ AND ROBERT GATES WED

The marriage of Thelma Charlotte Butz and Robert Alvon Gates was solemnized at 9 o'clock yesterday morning at the Methodist Church parsonage here by Rev. David Ralston.

The wedding was attended by family members. The couple are to reside in Sacramento where Gates will be engaged in defense work.

Gates is a son of Victor Gates of this city. He and his bride resided most of their lives in the Rough and Ready district.

**MARRIAGE DECLARATION**

EVANS-CROFF—In Nevada City, Nevada County, February 13, 1942, by Elmer Glyn Evans, 19, of Vallejo, and Gloria Maude Croff, 16, of Nevada City.

Mr. and Mrs. Leonard Johnson and Al O'Connor, former residents of this city, spent the weekend here.

# Registration To Be Short Of Expectations

Eight hundred and fifty Nevada Countyans registered Saturday and yesterday under the Selective Service law requiring the registration of all men between 20 and 44 who had not previously signed. Today is the final day for registering.

The Nevada County Selective Service Board had expected a registration of between 1200 and 1400 in the county but judging from the number signing Saturday and yesterday that figure will fall several hundred short.

The registration in Nevada City for the first two days, Merle Morrison, clerk of the Selective Service Board says, was 210 and in Grass Valley approximately 500. Truckee had a registration of 60 and Soda Springs 10. Other districts in the county have not yet been heard from.

The Selective Service Board will meet tomorrow to check the cards of the newly registered men.

# BUSINESS MEN URGED TO AID IN ARMY CAMP PLAN

A special meeting of the Nevada City Chamber of Commerce to consider methods by which this community can take advantage of business opportunities offered by the establishment of an army cantonment just below Smartville, has been called for Tuesday (tomorrow) evening at 7:30 o'clock in the City Hall. All business men are urged to attend this meeting. The cantonment will need the cooperation of all communties in its vicinity, and in return for this cooperation much of the vast sums expended first for construction, and second, for maintenance and growth will be circulated in these same communities.

Methods of making the attractions of Nevada City known to an army of between thirty and forty thousand men, the improvement of roads, the planning for housing, amusement and recreation facilities, are subjects for discussion tomorrow night, Mr. Sofge, secretary o the chamber states that every businessman has a stake in these plans and the benefits that flow therefrom.

# DEATH COMES IN NIGHT TO AGED CHINESE

Funeral services were held at the Holmes Funeral Home here this afternoon for Hong Lee, more familiarly known as Ah Jack, aged local Chinese resident, who was found dead Saturday afternoon in the Chinese laundry on Commercial Street, where he resided.

The body of Ah Jack who apparently died of a heart attack during Friday night, was discovered by Chief of Police Max Solaro, after C. H. Hing, for whom the aged Chinese worked, reported he failed to show up at the Hing store during the day.

Ah Jack had been a resident of Nevada County for more than 40 years. He at one time worked as a cook.

Following the funeral rites, burial was in the Pine Grove Cemetery.

### Judge Jones Grants Probation To George Day

Superior Judge George L. Jones here Saturday granted probation to George Day, Plumas County lumber worker, who was fund guilty of failing to provide for a minor child by a jury here last week.

One of the probation terms, however, will be the serving of 30 days in the county jail. Day will be released if he can obtain a job before the 30 days are served.

**Russell Farley Here—**

Russell Farley, inspector for the state board of equalization, was in Nevada City on business today.

**Here Yesterday—**

Mr. and Mrs. Harold Sofge of Sacramento were visitors yesterday at the home of Mr. and Mrs. Si Sofge, parents of Harold.

**Here From Vallejo—**

Mr. and Mrs. George Willard of Vallejo visited with relatives here yesterday. Mrs. Willard is the former Pearl Strach of this city.

# Caught in the Riffles

**The painful necessity of having all his teeth extracted as experienced recently at Sutter Hospital in Sacramento by H P. Davis of this city.**

**When Davis was wheeled to the elevator following the operation the elevator operator asked the nurse:**

**"Basement?"**

**Davis was weak but his sense of humor arose to the occasion. He barked:**

**"No you damn fool, I'm not dead yet."**

A group of local citizens had an idea they would force the Jehovahites who each Saturday peddle the Watchtower here to salute the American Flag or suffer the consequences. However, they were dissuaded from such action by the district attorney and war veterans who knew there was no violation of the law in the peddling activities, despicable as their refusal to salute the flag, especially during these times, may be.

Irate citizens in other commnities resorted to force in an attempt to halt the Jehovah Witnesses from selling Watchtowers on the street but that has always made matters worse.

The law authorities are bound by oath to protect the Jehovahites but we cannot help but agree with the district attorney of Siskiyou County, who commented, when they appealed to him for protection:

**"It is a strange contradiction that they appeal for protection to the law enforcement agencies of a nation whose flag they refuse to salute."**

Sluicing the news: Walt Carlson, county superintendent of schools, has been having trouble explaining to Truckee residents why he favored the establishment of the Donner Trail School District . . . Eddie Powell, United States Army Reserve, expects a call to service at any time . . . **We learn the city streets are to be cleaned once a week henceforth. Every Saturday. City council still being severely criticized for abolishing Tom White's position. Friends of White have even gone so far as to prepare a petition for circulation among the businessmen and property owners, asking the council to give White his job back. The petition points out that the debris littered streets are unsanitary.** . . We hear a local mother was "up in arms" because her minor son not long ago was out until 4 a. m. watching other youngsters play a pin-ball machine in a certain emporium here. . . . In Grass Valley the other day we heard a local man called a "rat" to his face. And he took it without comment. Wouldn't mind knowing the details behind it . . . Jack Nettell, county recorder, is the first county official to abandon his car for the duration. Nettell travels from his home in Grass Valley to his office in the court house here by the bus. Our suggestion to county officials would be to make their homes in this city and their transportation problem would be solved. All county officers but R. N. McCormack, Walter Carlson, Judge George L. Jones, Sheriff Carl J. Tobiassen and L. G Lageson make their homes in Grass Valley . . . The name for the new theatre in Grass Valley has been selected. It is the Oro, which, we are told, is Spanish for "Gold". **Vague rumors Miles Coughlin and Tony Rore will be candidates for city council. Coughlin as city judge gets $12.50 per month. As city councilman he wouldn't get a cent.**

We have discovered, through an ear to the ground, that Mayor Ben Hall will be a candidate in the approaching council election, despite recent assertions that he may retire because of continual bickering on the council.

And we also found out that Al Bates, chief air raid warden and popular employee of the Pacific Gas and Electric Company, will throw his hat into the ring for one of the two council vacancies. Bates' popularity at the polls was proven last year when he was elected a member of hte Board of Education.

**The California divorce his wife was obtaining was too slow for Leonard Eickhoff, former Murchie miner, so he established residence in Reno to obtain a six weeks divorce.**

**We learn his third marriage is to occur tomorrow, just after he obtains his freedom from his second wife, Ferne Rockefeller Eickhoff. The latter obtained a divorce here last fall but of course it would not have become final until next fall.**

## THE EDITORIAL CIRCUIT

Removal of enemy aliens—particularly the Japanese, from west coast defense areas certainly is desirable and long overdue, in the opinion of California editors.

Orders for such action, it agreed, indicate the government has learned the lessons taught in Hawaii and the Philippines.

"This order," said the Ontario Daily Report, "has been too long delayed. Why we should be so dilatory is a mystery. Now it should be up to our powers-that-be to find productive work for these enemy aliens. They should be made to help produce food for the United States during their internment, of enforced sojourn away from their homes, at our expense. The Japanese are experienced gardeners. They can be made to pay their way, and more, if proper supervision is provided."

"The task of removing the enemy aliens to a place where they cannot do harm," agrees the Stockton Record, "is a magnitudinous one. But the job must be done, and thor oughly. We can rest assured that in Japan, Germany and Italy all enemy aliens were removed from military areas long ago. Authorities in those countries, counting on their agents in the United States to do their worst, probably think that Uncle Sam is a slow moving, democratically inefficient sap because he did not act against aliens long ere this."

Undoubtedly, concedes the Monterey Peninsula Herald, the evacuation order will "work hardship upon many loyal and trustworthy people," though "that is merely a regrettable but unavoidable result of the war which has been forced upon us by the axis powers. They will have an additional reason for appreciating the freedom of thought and action which they enjoyed in the United States until their own countries caused them to be deprived of it."

While the control of aliens is but half the problem, according to the Orange Daily News, "because the actions of all the people of Japanese origin cannot be guaranteed, it appears that the entire problem is beginning to be understood in Washington. The coast delegation in congress has outlined a program of control and is insisting that appropriate action be taken. It is strange that, following Pearl Harbor, there has been little concern and so much delay in meeting a very present danger."

"The problem of handling enemy aliens, in wartime", remarks the Merced Sun-Star, "is a difficult one. The vast majority may be harmless. A country at war cannot always afford the risk of distinguishing this majority from the subversive minority looking for opportunities to sabotage. One general plan to control all may have to be evolved. This may work a hardship on the peaceful which most of them could have avoided by applying for citizenship years ago. It is the chance they take of becoming enemy aliens."

Expressing sympathy for the loyal aliens affected by the order, the Alameda Times-Star adds:

"We can only extend our sympathy and remind them that the unusual move has been taken only because it is in the best interests of the United States we all love. The loyal neighbors, though inconvenienced will, we know, bear that inconvenience with good grace because they recognize the necessity for the move."

"The problem" said the Hollywood Citizen-News, "is not one that can be settled by the snap of the finger," pointing out federal officials are not unaware of the treachery of Japanese at Pearl Harbor and the Philippines. "They are endeavoring to meet the problem," adds the Citizen-News, "with a program of action that can be defended against all attacks and that will not react to the injury of the nation or any of its citizens."

## WAR TO BEAR DOWN ON ALL CANDIDATES

By CLEM WHITAKER

The Man from Mars, who has kicked the spots out of normal routine in nearly every other phase of human activity, now threatens to revolutionize the campaign business in California during this hectic year of political endeavor.

Gone—at least "for the duration"—is the hurdy-gurdy era of political campaigning, when the candidate swept into town with an automobile caravan, loaded with press agents, managers and visiting celebrities.

The boys just won't have the tires for such triumphant tours!

Gone, too until the Rising Sun has set, are the big political rallies, the great mass meetings and all the other colorful settings of old-time campaigning.

While air raids, threaten Uncle Sam just doesn't want big public assemblages in California cities!

And as for torch light parades, sky-writing and all the other more flambuoyant artifices of the art of politics, they ended with Pearl Harbor. The nearest air raid warden would turn in a double alarm at the first outbreak of such Fourth of July campaigning.

Practically, the new war-time restrictions on political campaigning will help some candidates and greatly impair the chances of others.

The candidate with "newspaper support" will have a tremendous advantage, particularly if he has the support of country papers or district papers which do not have to devote too much of their space to war news.

Likewise, the candidate with "a good radio personality", who can get his message over via the air waves, will be aided, provided drastic restrictions are not placed on radio broadcasts between now and election day.

But the candidate who has depended largely on "personal vote-getting" and the candidate who has prided himself on his oratorical abilities and his power to sway crowds assembled to hear him, will have to learn new tricks or cash in his checks. The opportunities for personal campaigning just won't be available.

Curiously enough, while the war situation is supposed to be an aid to most incumbents, Governor Olson will probably suffer seriously by reason of it. The governor has less newspaper support than any other state executive in many years; in addition, he has never mastered the art of radio presentation. A good looking candidate he has largely depended on "personal appearances" and organization politics.

Republican prospects for governor, on the other hand, will likely profit by the changed situation. Attorney General Earl Warren, for exemple, is an excellent campaigner on the radio, while Justus Craemer, a past president of the California Newspaper Publishers Association, would probably have better newspaper support than any other candidate on the list.

## JUST WONDERIN'

### ON THE JOB

I was filled with deep depression
At the advent of the year,
And among my mixed emotions
Was an element of fear,
For the Japs were on the west coast
And the Nazis on the east
So I thought things over,
My timidity increased.

Then the firm earth fairly trembled
Neath a sturdy, thundering tread,
I thought the Japs were coming,
So I covered up my head;
But a booming voice cried, "Hey mam"
Don't you be scairt of me,
I'm your good old friend, Paul Bunyan,
Poke your head out, look and see."

Sure enough, there stood Paul Bunyan,
Checkered shirt and straight, stiff beard,
And he said. "I'm on the job mam,
There's no cause to be afeared;"
"Why, you're just a myth," I told him,
"There is nothing you can do;"
"Don't you be so sure," he chuckled,
"I kin win this war for you."

"No, I sure ain't a myth, mam,
I'm the genius of the land,
Clothed in homespun Yankee whimsy,
Moved by will power, pep and sand.
Ain't no obstacles I side-step,
Ain't no job that I cain't do,
If you'll just catch my spirit
We kin see this fracas through."

"Cradled in the bay of Fundy,
Reared where nature fights our kind,
Fellin' trees and breakin' log jams
Is more pleasin' to my mind;
But this job that we're now in for,
Calls for blows and knocks and raps,
For we're out to get the cuticle
Of Hitler's Aryan Japs."

—A. Merriam Conner.

## GEMS OF THOUGHT

**HONOR**

The surest way to live with honor in the world is to be in reality what we appear to be.—Socrates.

By skillful conduct and artificial means a person may make a sort of name for himself; but if the inner jewel be wanting, all is vanity, and will not last.—Goethe.

Be noble-minded! Our own heart, and not other men's opinions forms our true honor.—Schiller.

Honor to faithful merit is delayed, and always has been; but it is sure to follow.—Mary Baker Eddy.

Honor and shame from no condition rise;
Act well your part, there all the honor lies. —Pope.

By humility and the fear of the Lord are riches and honor, and life. —Proverbs 22; 4.

"I hope that's a nice book for you to read, darling," said the conscientious mother to her very young daughter.

"Oh, yes, mummy, it's a lovely book, but I don't think you would like it. It's so sad at the end.

"How is it sad, dear?"

"Well, she dies and he has to go back to his wife."

"My husband is certainly interesting when he's fishing. He doesn't catch many fish, but he talks to the bait just like it was a pair of dice."

"My husband is terrible. The other day I caught him taking money out of Junior's bank. And the worst of it is that there was just about enugh to buy me a new hat."

## Mrs. Browning Surprised At Party Here

Mrs. Annie Browning of Boulder Street was honored at a suprise party at her home Friday afternoon.

The guests enjoyed the playing of cards during the afternoon and Mrs. Browning won first prize. Mrs. Ernest Mohr took the second prize. Refreshments were served following the card playing at a table decorated in the Valentine motiff.

These present were: Mesdames Minnie Young, Ernest Mohr, Nance James, Ed Baker, Alfred Haddy, Howard Burr, Edna Martine and Annie Browning.

# MAC AND MAC OPEN BUSINESS

The two popular "Macs" of Nevada City, "Mac" McPherson and "Mac" Tyhurst, are now in business as partners in the operation of the Rainbow Inn here.

The official opening of the restaurant took place on Saturday and the two women were recipients of many bouquets of flowers from well wishing friends.

The Rainbow Inn now can accommodate more customers than formerly. It was enlarged and new equipment installed to provide better facilities and meals for customers.

The Rainbow Inn will be open from six a. m. until ten p. m., except Sundays and holidays when the hours will be 9:30 until midnight.

# TED SIGOURNEY SUFFERS INJURY

Ted Sigourney is under the treatment of Dr. Bernard Hummelt for dislocated vertabrae. Sigourney, who is in the Community Hospital in Grass Valley, suffered the injury while shoveling rocks on a city job last Friday.

Victory model bicycles were first. Next you can expect victory refrigerators. Plans are being made to design a thoroughly simplified and standardized refrigerator to be produced by a very few plants which will work on a 24-hour schedule. Each model will carry a "Victory" label, an emblem which will probably become increasingly familiar on household appliances and machines.

# TRAILER VAGABOND

By WARREN BAYLEY

This feature appears through the courtesy of O. K. Tire Weld Co. G. R. (Red) Jarrard, Hills Flat, Grass Valley, California.

**Thousands of Army tanks lay buried here beneath the slopes of eastern Arizona. They aren't put together yet but the metal for their making is waiting to be dug out and used. It was a gift from outer space thousands of years ago.**

Ten million tons of roaring, blazing meteor landed here with a tremendous crash and left this gaping Meteor Crater. Thought to be an extinct volcano until the eighteen nineties, the theory that it was caused by a falling heavenly body was advanced then and has brought about considerable controversy since. During the last World War a half million dollars were spent in a fruitless search for the meteor's remains. Now for the first time, definite proof of its existence seems to have been established by drilling and magnetic tests.

**You hardly realize this vast scar is here until you come right upon it. The gently rolling country around it rises but slightly as it nears the crate 's rim. Then the ground falls away abruptly a full six hundred feet. It would take more than a mile-thick, fifty story building to fill this yawning chasm, which is many times larger than any other hole of its kind in the world. Some scientists claim it was made about the year one. Others say it is twenty five thousand years old. Either guess is all right with me because its furrowed and weathered depths convince me it is far from young.**

Five gigantic masses of broken meteoric material seem to be buried from five to seven hundred feet below the crater floor. Indicating that the meteor arrived from a northerly direction, all five deposits lay to the south of the crater itself—two just beyond its rim. The Philadelphia mining company owning them is planning to dig them up immediately for use in national defense.

**Many scientists have scoffed at the idea of the meteor still being here. Some contended it blew itself back out and to bits when it came in contact with subterranean streams known to exist below the surface of this section of the country. In pieces ranging in weight from an ounce to a thousand pounds, only fifteen tons of it have been found in a thorough search of the surface around the crater. If most of the meteor blew back out, where did it go?**

The chances are very strong that it didn't go anywhere, except deep below this dent it made in the earth there to remain until now, when it will be recovered and fashioned into tools of war.

**And those tools will be tough ones, too. In fact, metallurgists got their ideas for battle ship armor plate formulas directly from a study of meteoric material, which is composed of about a pound of nickel to a dozen of iron, with a few ounces of other metals thrown in for good measure.**

Operations for recovering the meteor's remains probably won't damage the appearance of this awe-inspiring chasm a bit. In order to dodge the underground streams of water, shafts will probably be sunk some distance from the crater and drifts run back to the metal.

**Dug out and made into tanks and other implements of war, this ancient meteor may soon be thundering and blazing again—against our Axis enmies, smashing into them with what we hope will be the devastating crash that shook these plains ages ago.**

# RENO MARRIAGE UNITES ELIZABETH BRISEBILL AND JOHN OTTOSON

Miss Elizabeth Brisebill, secretary for District Attorney Vernon Stoll in this city and John Ottoson, also of Nevada City, were married at 11 a. m. in Reno, Nevada, yesterday in the chambers of the district judge.

The couple were attended by Mr. and Mrs. Harold Haley of Nevada City. Others who accompanied the wedding party to Reno for the ceremony were the parents of the bride, Mr. and Mrs. Ernest Brisebill, Sr., and Mr. and Mrs. Henry Casci, all of Nevada City.

Following the wedding, a breakfast was enjoyed in Reno and then the return trip was made to this city, where a dinner was given in the newly married couple's honor at the Brisebill home on Nevada Street.

Those attending the dinner in addition to the above were Mr. and Mrs. Fred Bertocini, Mrs. Mary Casci and Mrs. Bettina Haley. After the dinner the couple departed on a short honeymoon trip.

The bride, popular and attractive Nevada City girl, is a graduate of the local high school and Mt. St. Mary's Business Academy. She has been secretary to District Attorney Stoll since Madeline Himes went to San Francisco to work. Prior to that time she was employed in the office of County Superintendent of Schools Walter Carlson.

Ottoson is associated with Harold Haley in the operation of the Hot Mill here. He attended schools in Norway, Mich., where his parents operate a ranch.

# LOCAL WOMAN PASSES AWAY

Mrs. Beniece Anderson, a resident of 109 Martin Street in this city, died at a local hospital last night following an illness of one month.

The body is at the Holmes Funeral Home, where funeral rites were to be arranged later today.

Mrs. Anderson's husband is employed in Pearl Harbor. He reportedly is on his way to Nevada City. He was notified of her critical illness but could not reach here before she died.

The deceased is the mother of Ben Anderson of this city. Other relatives survive.

For several hours a man walked up and down a busy street, carrying a blank sign. Finally a policeman ask him "what's the idea?" And he replied: "I'm a picket looking for a sponsor."

# JUSTICE DEPT. WARNS AGAINST ABUSE OF ALIENS

In order to clarify proper treatment of aliens and avoid any hysteria engendered as a result of war, the Department of Justice, Attorney General Francis Biddle, and other government agencies have prepared the following questions and answers on the treatment of aliens:

Q. Should non-citizens be barred from legitimate private employment?

A. No more shortsighted, wasteful or un-American policy could possibly be adopted. It would be a most effective day of creating disunity and breaking faith with people who have come to America as a haven of liberty and fair play.

Q. Should employers discharge "foreigners?"

A. No. Many aliens have skills necessary to national defense and to deprive the government of the services of loyal aliens is economic waste and stupid error. Besides, many foreigners have sons serving in the Army and Navy. Some of them died at Pearl Harbor.

Q. What is the policy of the Federal Government towards aliens?

A. It is the stated policy of the Federal Government that there should be no discrimination in the employment of workers, even in defense industries, because of race, creed, color or national origin.

Q. Are there any restrictions at all?

A. As to the law, there is only one restriction: "In the case of secret, confident or restricted government contracts, and in the case of contracts for aircraft parts or accessories, the employer must secure permission from the head of the Federal department concerned for the employment of aliens."

Q. Can tradesmen, such as grocers, dairymen, etc., conduct a normal business with alien families without violating the Enemy Trading Act?

A. Yes. It is not the intent to deprive them of the necessities of life. While war threatens all civil rights, there is no excuse for gross abuse, hysteria, hatred and fear against the loyal minorities.

Q. Can an enemy alien obtain unemployment insurance?

A. Yes, if he meets the requirements of the state law. Aliens who work at jobs covered by law will always be treated on the same basis as American citizens.

A bishop attended a banquet and a clumsy waiter dropped a plate of hot soup in his lap. The clergyman glanced around with a look of agony and exclaimed:
something appropriate."
appropriate."

## LEGAL NOTICE

**CERTIFICATE OF PARTNERSHIP DOING BUSINESS UNDER A FICTITIOUS NAME**
**No. 371**

NOTICE IS HEREBY GIVEN that the undersigned, K R. NUTTING, J. E. LITTLE, L. L. HARRIS, and F. H. HOGUE, JR., have formed a partnership and are transacting business as co-partners in the State of California under the fictitious name of OMEGA CO., and the county in which their principal place of business is situated is Nevada County, State of California.

The names in full of all members of such partnership and their respective places of residence are as follows:

Kenneth R Nutting, Salinas, California.

John E. Little, Nevada City, California.

Louis L. Harris, San Francisco, California.

Frank H. Hogue, Jr., Seattle, Washington.

K. R. Nutting.
J. E. Little.
L. L. Harris.
F. H. Hogue, Jr.

STATE OF CALIFORNIA,
CITY AND COUNTY OF SAN FRANCISCO, ss.

On this 8th day of December, 1941, before me, Geraldine D. Cohen a Notary Public in and for the City and County of San Francisco, State of California, personally appeared K. R. NUTTING, J. E. LITTLE, L. L. HARRIS and F. H. HOGUE, JR., known to me to be the persons whose names are subscribed to the within instrument, and severally acknowledged to me that they signed and executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal in said City and County of San Francisco, the day and year in this certificate first above written.

(Seal)

GERALDINE D. COHEN.
Notary Public in and for the City and County of San Francisco, State of California.

My Commission Expires January 10, 1945.

Endorsed: Filed January 30, 1942.
R. N. McCORMACK
County Clerk.

**UNITED STATES FOREST SERVICE, PHELAN BUILDING, SAN FRANCISCO, CALIFORNIA.**
January 28, 1942.

Notice is hereby given that Southern Pacific Land Company, of San Francisco, California, has applied for an exchange of land for land and timber under the Act of March 3, 1925 (43 Stat. 1215). The applicant offers the government NW¼ and W½ of NE¼ Section 11, T. 17 N., R. 16E. M.D.M., in exchange for a tract of 22.1 acres described by metes and bounds located south of Highway 40 and north of applicant's railroad right-of-way in S½ of SW¼ Section 11, T. 17 N., R. 16 E., M. D. M., and for timber from portions of Sections 10, 11, and 14, T. 18 N., R. 15 E., M. D. M., Nevada County, California, within the Tahoe National Forest. The offered land is subject to rights-of-way for Truckee-Hobart Mill State Highway, Sierra Pacific Electric Company transmission line, and roads and trails in place. The selected land is subject to right of Joseph E. Landsberg to remove a spur track and engine house now in place and to rights-of-way for existing roads and trails and to reservations in applicant's deeds dated February 17, 1875 and December 20, 1884. The purpose of this notice is to allow all persons claiming said lands, or having bona fide objections to such application, an opportunity to file their protests with this office on or before the date of the last publication thereof.

S. B. SHOW,
Regional Forester.

Feb. 9, 16, 23, Mar. 2.

# VICTORY BOOK CAMPAIGN PRODUCES 590 BOOKS HERE

**Mrs. Iva Williamson, Nevada City librarian, announced today entertainment in the form of 530 books has been sent from the Nevada City Library to the navy supply depot in Oakland, from which station they will be distributed to the army camps and naval bases for the men in the American armed forces.**

These volumes are the result of the Victory Book Campaign, which has been conducted in Nevada City during the past month.

Mrs. Williamson said the response to the drive was very gratifying. Out of 590 books received, 530 were boxed and sent to Oakland. There were three boxes of non fiction, 15 boxes of Grade A fiction and two boxes of Grade B fiction.

"We wish to thank every one who has helped in the Victory Book Campaign", Mrs. Williamson said today, "particularly those who so generously donated books, the Native Sons for the use of their building, The Nugget and the Morning Union for the publicity they have given us, the PTA, which so willingly gave of time and all who have contributed in any way to the splendid success of our drive. We are grateful for every bit of assistance and good will that has been given us."

Mrs. Williamson said quite a number of magazines, were brought in during the drive but as they were not wanted this time they are being held in anticipation of a magazine drive later on.

**Visits Parents Here—**

Catherine Tognarelli, daughter of Mr. and Mrs. John Tognarelli, was here from Sacramento yesterday. Miss Tognarelli is now employed in Sacramento.

**Visitor Here—**

Dan Ungaro, Sylvan school principal, visited in Nevada City during the weekend.

## Three Chandler Church Cows Reach Last Roundup

A "miss may be as good as a mile" but according to Chandler Church, grazing permittee on the Bloomfield District of the Tahoe National Forest, it does not apply to lightning.

A recent thunderstorm passed over the Church ranch near Smartville and apparently did no damage. However, some time later Church noted that he was missing three head of cattle. Saddling up, he took off over the hills in search of them. He finally spotted the cows lying under a big oak near the brow of a low hill, and started to round them up. However, closer observation revealed that these three cows had been to their "last roundup."

The stock had evidently sought refuge from the thunderstorm under the oak when the three was struck by lightning. The bolt shattered the tree and passed down the trunk into the ground. The cows, standing in the shelter of the tree, were evidently untouched by the lightning bolt itself, but were killed nevertheless by the efects of the charge which seemed to spread out from the tree.

**INJURED IN FALL**

C. E. Clark, superintendent of the Relief Hill Mine, suffered a painful leg injury in a fall while working last week. Clark came to Nevada City for medical attention. His leg was badly bruised but no bones were broken.

**SAVE VITAMINS FOR HEALTH**

Food conservation on the home front has always been important in wartime. A well nourished people is an unconquerable people. Napoleon once tried to starve out England. Now Hitler is trying it, but the women of England beat that Nazi stratagem at their cook stoves. Now American housewives can help win this war by saving vitamins for health and victory.

Cook vegetables in little water. Do not destroy vitamins by frequent pot-stirring. Save vegetable water in a stock-pot for soups or stews. Roast meats at low temperature to conserve minerals and vitamins.

If your present range won't see you through the war it would be wise to consider a new one. Besides doing the job right a modern range will save on food and fuel at every cooking operation. If you wish, you can have easy payment terms up to 18 months. Learn about modern cooking methods for health protection.
